HONGKONA, OCTOBER 17TH 1384, THE Paris correspondent of The Times says :hope has not been realized. The European over, can only prove a drop in the ocean of of one another to study the common interests | eleven million france will go very little way Whatever may be the extent of the influence, and the country will fight against the French nature. The co-operative policy has been succumb to fever than to the weapons of adopted by European nations in China, and the Chinese. Meantime the operations at the Consulate a treaty port, they act gener- expenditure, and the occupation of North special cases it becomes the duty of the re- outlay of money. So far no vote has been for it is open to question, but it is the one | daily being augmented, and the longer the conditions which have arisen from it at the vanquished. ports, and notably at Shanghai, it would be difficult to alter it. The French have held themselves somowhat alonf, it is true. The Freuch settlement at Shanghai still remains French, but the English and American settlements have become thoroughly cosmopolitan. for Hongkong. Amongst the numerous rumours which have boon current lately in relation to affairs in the Fer East, it was stated the other day that Prince BISMARCK van el to socure German sattlements at the victions parts. If this were true, which we much doubt, it would probably herald a break-up of the co-operative H.M.S. Tweed will go over to the Kowloon system. This is a result which would not he altograther regrettable. Although the system may have smoothed away diff. I les in some cases, it has precluded England from exercising directly the influence to of the year without extra charge. which her large interests in China entitle ber. Communications with the Chinese authorities, except in special cases, are conor consular body, who is more likely than | Champlain is a vessel of 1,931 tons, 200 men, and | was her property not to be the representative of a country whose trade with the Far East is insigni- supposed to be either the cruiser Rigarit de Gen- to the pawnshop, but the pawnbroker said he was Scant as compared with that of Great Britain. As regards the latter, the policy has justly been styled one of self-efficement. But, even looking at it from a general point noon at 2 p.m., between the following teams, reof view, there can be little doubt that in some cases a collective representation has less influence than an individual one. What ' is everybody's business is nobody's business, and the Chinese, on receiving a collective note, may not unreasonably think that no single nation will use force to compel compliance with its demands. The case of the Shanghai detective, SI-TURG, is an instance in point. This man was condemued to death by the Chinese authorities, punctually at 2 p.m. unjustly as the Shanghai community think, and representations were made through the ferent nations, held under the suspices of the thus engaged. consular body to the diplomatio body at Peking, who communicated with the Chinese has good reason to be proud of this result. That should find two sureties of \$50 each for his good be-Government. The result is that a new trial a nation, which began to try its hand at the haviour for six months, or in default be con has been ordered. The detective was the corvent of the Shanghai Municipality. Had

In his remarks on the Chinese diplomatists in Europe, the correspondent is more so mendable feature, Japan Mail,

he been the servant of the British Govern-

ourate. He care :- "Their duplicate functions, and consequent journeyings between London and St. Petersburg, or Paris and Berlin, are not calculated to give them a thorough acquaintance with the nations to which they are accredited. So far from French relations with China having benefited by Paris having half a Chinese Ambassador, they have probably suffered from the fact." Of this we think there can b little doubt. The correspondent goes on " As there may be just sufficient knowledge to misquote, it may be feared that Chinese Envoys acquire just sufficient knowledge to mislead their superiors. However talented and painstaking, they can scarcely, "indeed, he expected to fathom the mysteries of Parliamentary institutions. The power or the sincerity of the Opposition is not likely Notice.—To avoid delay in the execution of to be gauged by them. At one stage of the Franco-Chinese negotiations the Chinese undoubtedly calculated on Ministerial instability and Parliamentary dissensions, -and-to seay they calculated, is tantanicoties of political strategy. They are in on the 7th and one on the 8th. friend liness to themselves animadversions or political opponents." The sayings and doings of the Marquis Tsung are corrobornd Europe generally, and completely misled bis Government with respect to them.

They are boathouse, and of course went straight fer the like oceans which you gross on your desert

tion, and this idea was borne out by the repeated A few visited the place where they were stuck & Co." Hong, and one belonging to the house of one of the Missionaries. But the subject is getting state, suffice it to say that besides all this. all the foreign residences have suffered more or less and are monuments of miserable and reckless shell practice.

Very soon after the fight began, it hacama, vident that the chjout of the French was to ontpy the White Fort, near which, it is supposed the wire connecting the torpedoes with the electric battery comes on shora; and for some time meness seemed to favour them, but soon the superior numbers opposed to them, and the nature of the ground which had to be traversed before they could arrive at the White Fort, proved too much for the small force sent against the

The day seems to have been turned by Hillmon, auxiliaries of General Soon, the kinif country just suiting their mode of warfare. The scrub and cover hid them from the French whom they suddenly took in the rear, by coming from the direction of the small stream which livides the first and second downs. This caused the French to break and retreat in great disorder. One party of them, a considerable number, rushed into a farm house near the stream and were entirely surrounded by the Hillman. heavy firing of the machine guns-in the tops of the ships, by which means most of the French men were saved and enabled to return to their

The loss of the French is said to be some 20 filled and 40 wounded, but this is more trunous is also thought that two French Cantains (?) are amongst the killed: The Chinese loss can be better estimated as

Hospital where numbers died on the night of Words fail to express the horrible apertsole this benevolent Institution prosperied during the afternoon of that date. Dving and wounded Chinese soldiers lay in every available space in this somewhat embensive building, all presenting frightful axamples of the destructive power of

modern weapons, and the mutilation in som cases was terrible to bishold: The indefatigable efforts of the only five European surgeons in the place, Dr. Johansen, and Dr. Browns, of H. M. S. Cockchafer, to reduce this fearful amount of human suffering is beyond all praise: several also of the residents did each what he could to bind up the wounds of the soldiers. The operating room of the Hospital was like a shambles and presented a

traly chastly scene. A pleasing incident of the day was the sympathy expressed by the guard of Blue-lackets of H.M.S. Cockchafer, stationed at the Hong of Messrs. Douglas Lapraik & Co., with the sufferings of the wounded. As they were borne along

no doubt to many of the wounded a heavon sent At I p.m., when the French retreated, the last boat to get away was crowded with men that she cansized, and it is supposed some of them were drowned; the machine gun of the bost, it has been ascertained has been captured by the

On the evening of the 8th instant, after the engagement, Mr. A. Frater and Captain Hoteler, R.N., visited General Soon in his camp and warned him against perpetrating atrocities to prisoners or dead onemies, and likewise got him to alter the proclamation, issued sometime ago ainred or dead ones. What effect this promore atrocious looking set of scoundrels it has seldom been my luck to witness. One meets these ag'v visaged rescals at every turn now. all round the settlement, each armed with a spear or gingal, and all with a long, dangerous looking knife. No European moves any to say the least of it, very ticklish. It is not at all reassuring to see the right hand of each of these villains, as you pass him. a tendency to make one feel if the trusty six shorter is handy at the belt and loose in its holster. It is highly desirable that a little more

The Fokiew brings Til tite ladies and children ver this time; out of harm's way, much against the will of some of them. On the occasion of each scare, from the shelling, they have had to he removed in a hurry to places of safety; and, as some of the ladies of Tamsui have wills of their own, they were not always willing to be removed at a moment's notice, and had metasoruff of the neck. Their departure from Tamsui, for the rest of the shelling season, must be a relief to the minds of both Mr. Frater and Cap-

The bombardment of Tamsui has thus far een but a profitless business to the French, and the port is evidently a har ler but to crack than they at all imagined. The firing has been kept up off and on (very much on) for nine days, from the 2nd instant to the 10th instant, both days inclusive.

There was no firing on the 11th instant or up to 4 p.m. yesterday, when the Fokien left. I am glad to report that up to date of the steamer's departure no casualties to foreigners have to be recorded; but the health of some members of the community is not improved by the long suspense, and all will breath more freely when it is

Amoy, 13th October, 1884.

THE BEDOUINS OF THE SOUDAN.

In an article on " The Resous of Chinese Gortember Century, General R. E. Colston, Inte of the Egyptian General Staff, says :- "In the Waterless Land, water is the paramount quostion. If it beasked how a large body of Bedouins like the ten thousand who mearly destroyed the Only five French men-of-war in sight, and one | British equares at Tamai manage to subsist. the reason is plain. In the first place, they do not need the enormous trains required for a European srmy. They are the most abstemious of men. Each man carries a skin of water and a small bag of grain, produced by purchase or barter from caravans. Their camels and goats move with them, supplying them with milk and meat, and subsisting upon the scanty herbage and the foliage of the thorny mimosa growing in secluded wadies. These people could live upon the inprease of their flocks alone, which they exchange readily for other commodities; but being the exclusive carriers and guides money. As to water, they know every neck and expedition mour the close of the three years and a shower of lead warned the assembly on the washing they never indulge in such wasteful Red Fort roof to seek with all speed the shelter nonsense. When Bedown's came to my camp. water was always offered there. The sanswer The fire from the big guns on the ships was would frequently be. No, thanks: I drank yes about this time something terrific, and of the terday. They know too well the importance of spot whore a shell struck the Red tion always very sounty; but yet it is there that

THE RUSSIAN SECRET POLICE.

prolutionists, Colonel Soudaikin, of the

fundamental principle, not only that there

rate the belief in honesty. He therefore

sought to implant by every means the conviction that honesty was merely a question

of price. It was necessary, he maintained,

that the accoundred should coase to be ashamed of his infamy, and that it should be

quite impossible for an bonest man to make others believe in his incorruptibility. For

similar reasons Soudaikin did not hesitate

to throw away money on persons who were

This youth is described as poor in money,

but rich in all the qualities that constitute a

good companion. One day, to his great

apprise, he received an invitation from

granted. He then suggested that a fixed

salary would be welcome, and Soudaikin at

once allowed him 50 roubles per month.

Thus well dressed and amply fed, he lived

comfortably and entertained his friends with

lodgings with a student whom he was in-

kept aloof from all political matters. Never-

theless. Soudaikin again agreed to this, and

companions the splendid jokes he was play-

ing with the police. In time, however, when

police and his revenue stopped. Such inci-

also willingly paid false spice, who, while denouncing their friends to him, were care

ful to first warn those whom they were about

to betray. Nor did the fact, that such

men not only became uples, but they manage redoubtable Lucipy.

> DEATHS OF ASHANTEE KINGS-800 PERSONS SACRIFICED.

A letter received from Ashantee represents that the country is disturbed, owing to the Soudaikin, and laughingly related to his deaths of the King and his well-known comrades that be had accepted, as a joke, predecessor, Coffee Calculli. Small pox bas the proposal to become a apy. As a com-mencement, he asked for money to buy among the wictims was the King Quacor among the victims was the King Quacor such clothes as would enable him to frequent Duah, who died very suddenly. He was all classes of society. This was willingly chiefly known to Englishmen as the Ashautee General who was sent down to the coast by the then King with the golden are as a present for our Queen on the occasion of what was known as the Ashantee war scare three years ago. In honour of the funeral the money received from the public tressury. of Quacor Dush 300 of his subjects were But at last Soudaikin ordered bim to take killed immediately afterwards. Coffee Calcalli, who was King of Ashantee at the time tested violently. He wrote saying that the of the war in 1878, and was subsequently student in question was well known for his been murdered, as is generally believed, watch another student, whom he represented apoplexy after partaking of a hearty meal. to be a dangerous character. As a matter The successor to the throne will, it is supof fact, it was notorious that this second posed, he Messab, who was king up to a few CAS student was a dull, heavy youth who had months ago, but who was deposed on account of his barbarous crucities. In view of the terror which this belief has inspired, the DA Ashantee chiefs have sent a deputation to the Governor of Cape Coast Castle, asking that their country should be annexed to the became absolutely evident that he was British protectorate. The murderers of the incorruptible, hy was expelled from the King have been discovered, but are defended by a powerful party. The whole country is dents did not discourage Soudaikin. He in arms, and a great civil war is probable.

ORICKET A HUNDRED AND TEN

YEARS AGO. As every one knows (writes Mr. Andrew PRI persons revealed to the revolutionists all the police secrets they were able to discover Inting in the current number of the English alter Soudaikin's policy. These double Illustrated Magazine) the third stump was SPO traitors were useful in their way. In the added about 1775, because it was observed VE first place, they sometimes unintentionally that the straightest balls went between the give information, and always served as a wickets without removing the bale, This, good covering for the fulthful and true spies. | people may say, would at once have occurred S condly, they were useful in directating to the feeblest capacity. But mark the among the public false or true information conservatism of the human mind, and the in which the police deemed it advisable to march of evolution. There was originally give publicity. In such cases the police ino middle stump, because the batter, when would pretend to be especially confidential, regaining his ground after a run, placed This means, for instance, was employed by his bat in the hole between the stumps, Skandrakoff when Soudaikin was anxious itself a survival from cat and dog. The that the revolutionists denounced by Jane- | hole was filled up, and a crease (out at first, zewski in his confessions should have time not marked in whitewash, as ut present) An to escape, so that their arrest should not add | was substituted, to prevent the bat from to the popularity of a rival, the public coming down on the hands of the wicket- this prosecutor Dobrzynski. Moreover, all per lkeeper, as he put down the wicket by plac- work sons receiving money were being gradually ing the ball in the hole. Yet though men com corrupted, and a very large proportion ended had got rid of the hole, they did not at once ject by becoming true spies. This was just the add a third stick; custom and use were too and moment, however, when Soudaikin became strong for them, and we see the old unfair parsimonious. When a man was finally two stumps in the designs published. Indeed entangled in his net, and irrevocably come they appear as late as 1798, in a picture of for students of a most instructive nature. Both promised, then Soudaikin became severe, a match between Lord Winchilses and Lord the Court and Punti pronunciations are given, avaricious, and execting. But in spending Darnley for £1,000 a side. Mark also the the accents being carefully marked on the best California such large sums of money to corrupt these height of the wickets. Their lowness, like principle hitherto attained. The typography Milton masses of people, Soudaikin had not in view the shape of the contemporary bat, testifies displays the success of an attempt to make the the petty services they could render him. to the habit of bowling grubs. A modern Chinese and English type correspond in the size The relations of political prisoners were no ball would rise high over these wickets, viously open to temptation Soudsikin which could only be knocked down by a persistently invited them to become spies in shooter or, a yorker, or perhaps a half volley. exchange for indulgences to the prisoners. Next observe the dispositions of the field. terized Chinese publications. Sometimes he even promised to restore the There is a man out in the long field on, a To illustrate the vast scope of the work the Thales captives to liberty. Possessing the right of mid-on, and a square leg far out. There is a following facts are submitted for consideration: - Taywatt visiting all the prisons, not excepting the wicket keeper, long stop, point third man, Chalmers' Vocabulary contains about 16,000 inaccessible raveling of Alexis, he never miss- long bit off, and cover point. Appa. Chinese characters, and Medhurst's English ed an opportunity of opening conversations rently hard, straight driving on the off side and Chinese Dictionary about 100,000, whilst with the inmates, and in two cases he even was not expected. The bowler holds the this work contains more than 50,000 English offered to assist the prisohers to escape. In bull to his eye, like the immortal trindler of another case, a prisoner having promised to Diegley Bell. The game, in spite of odd work against the revolutionists, Boudaikin wickete, odd bate, and low underhand student of this difficult language absolutely re- Sibirien set him free on bail, and, finalle, he also of deliveries, required a desposition of the gaires examples to display the various applitained the appointment of one of his confi. field not unlike that to which we are cations and equivalents of different words which dants as chief of a district in Siberia, in or accustomed. The long stop, of course, have one general meaning. Of these examples der to facilitate the evanion of so political would now be superfluous among good this work contains more than five times as convict. Sometimes were of marky leaders players, Nyran says vaguely that the among the Nibilists, and others, received use of the straight bat, with all that it sums of money without kny bligation being involves, came in " some years after 1746," Imposed. "We know you belong to us," when Lord John Sickville captained Kent pages enables a person who understands English Edvoy they were fold; "you can uct duite independ in a match against England. The scores to nominunicate effectively with natives who Hilds dently, but we are ready to help you; there were very small in these days, when Prince understand nothing but Chinese. In this respect J. D. Brower is money." Soudaiking faith in the influence | Charles was shaking the turone of the House of money was unbounded. When dealing of Hangver. Kent got 40 and 70, England 63 Europeans residing in China, and to the natives Leevih with working men he possessed an additional and 58. But we have seen even smaller
